

AIS HUB

A NEW DIGITAL PLATFORM TO DELIVER CONTENT AND LEARNING

AIS Hub is a new digital platform offering courses, resources, training and information for high performance athletes, coaches, AW&E Managers and support staff. The purpose of AIS Hub is to:

Provide simple, hassle-free access to AIS digital services with a single sign on

Transform the way the AIS engages and connects with the high-performance system - live, work, train and educate anywhere, anytime

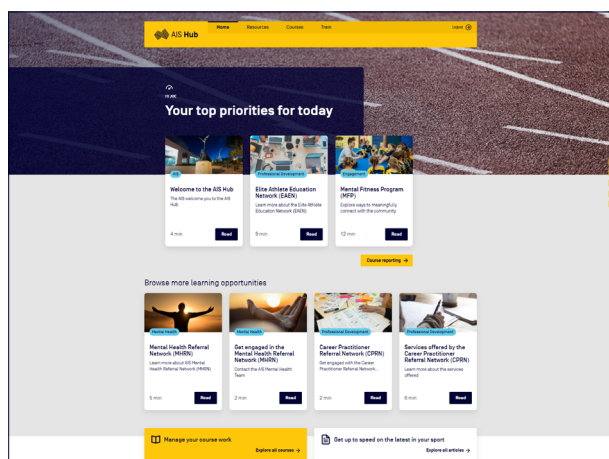

Diversify how AIS delivers content and learning

Enhance athlete development and wellbeing

Provide athletes access to dAIS payments

Who will use AIS Hub?

AIS Hub has been developed in consultation with, and designed to benefit, the HP system.

AIS Hub content will initially support athletes, Performance Pathway workforce and AW&E Providers. We anticipate user experiences to evolve as the HP system embraces the digital platform and its capabilities.

AIS Hub combines existing services, such as the Mental Health Referral Network, with new courses and learning modules specifically designed for the HP system.
