

# CAREER PRACTITIONER REFERRAL NETWORK

PROFESSIONAL CAREER ADVICE AND GUIDANCE SERVICES

## FUTURE CAREER, STUDY, WORK? NOT SURE WHERE TO START?

**We're here to help elite athletes explore career, work and study options.**

Having a plan can help you navigate and adapt your career and life through changing times during and after sport.

The Career Practitioner Referral Network (CPRN) is an AIS program that connects athletes with professional career advice and guidance services.

It's a great first step if you want expert advice on career plans, jobs, study and courses that suit your individual needs.

You will be connected with professional career practitioners who have experience working with high performance athletes.

With the future of work rapidly changing and evolving, career practitioners are in touch with the latest industry and technology trends. They know the skills that are in demand by employers and can share this valuable insight.

The CPRN is accessible to all current categorised athletes, alumni athletes and coaches.

**For more information visit**

[ais.gov.au/career-and-education/cprn](https://ais.gov.au/career-and-education/cprn)

[ais.gov.au](https://ais.gov.au)

The CPRN sessions are confidential and can be conducted online. Topics covered include:

- Career Guidance
- Career Planning
- Career Exploration
- Career Skill Building
- Resumé/LinkedIn support
- Employment Support
- Fast Track Career Advice
- Education Choices

To get started, contact the Athlete Wellbeing and Engagement (AW&E) Manager within your sport or email [careerandeducation@ausport.gov.au](mailto:careerandeducation@ausport.gov.au).
